FORM A

Each group of four words in the fifty lines below contains two words which are opposite or nearly the opposite in meaning. Find the two words that are opposite or nearly the opposite, and write the numbers of these two words in the column at the right.

The first group of words "false₁, tight₂, torn₃, true₄" contains two words ("false" and "true") that are opposite in meaning, so 1 and 4 are entered in the column at the right. The second group is also marked correctly.
